

## 2021 PYC JUNIOR SAILING

Portland Yacht Club's Junior Sailing Program is open to both PYC members' children and non-PYC member youth. The PYC Junior Sailing Program's mission is to teach sailing in a safe, educational and fun environment. We aim to instill a life long love for sailing in youth participants. The program supports both serious competitors and recreational sailors of all skill levels. It is focused on building sailing skills, promoting sportsmanship, fostering teamwork and strengthening respect for oneself and others.
